Date: _____

KINDERGARTEN INFORMATION SHEET

According to state law all students must be 5 years old by September 1, in order to enter Kindergarten. Since we are an accredited school we abide by that law. Students are required to be screened before entering kindergarten. Brigance Screening is done by the Kindergarten teacher.

This sheet will provide us with the necessary information to start screening for the coming year. It is not an enrollment card. We cannot begin to pre-enroll new students until we have gone through the pre-enrollment process for our present school population. By filling out this information you are expressing a desire to be considered for a space in Kindergarten if there is room, and if the child qualifies after the screening.

It is important that you stay in contact with us.
