

Dear Friend of the Carnival,

The St. Charles Borromeo Catholic School Halloween Committee raises funds every year to assist the school. This year we would like to be able to purchase lockers. Transitioning into middle school brings new responsibilities. The lockers would give students the opportunity to become more responsible by learning not only to make it to class on time but to show up prepared as well. Students are currently changing classes however, due to not having lockers they leave their books on shelves in the hallway. The total cost for lockers will be \$6500.00. Each gift of just \$87.00 will purchase an individual locker but any donation would be helpful! If we were able to achieve our goal, we would hope to have the lockers installed by January. So, yes the 8th graders would have the opportunity to use the lockers as well. On behalf of the Halloween committee and St. Charles students, we want to thank you in advance for your gift.
